Commissioner for Patents

The replies filed on February 3, 2006 and November 14, 2005 are not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The response did not point out where there was support for the amendment made to claim 37 as required; see the Office action mailed August 9, 2005, second full paragraph on page 8; this is extremely important because patentability may hinge on this subject matter. In addition, Applicant failed to at least acknowledge the request for the identity of any copending application that claim similar subject matter; see the August 9, 2005 Office action on page 8, third full paragraph. Finally, the copy of the article "Heat Treatment of Steel" provided in the November 14, 2005 response was missing page 7 so it could not be fully considered as Applicant requests; the Applicant should provide the missing page 7 if he wishes it to be considered and made of record. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Paul B. Prebilic whose telephone number is (571) 272-4758. He can normally be reached on 6:30-5:00 M-Th.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, McDermott Corrine can be reached on 571-272-4754. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
